

Shepherds Play

Date: 16th December 2020
Time: 10:25am
Where: In the Whare

Please drop your child off as usual. Teachers have asked if you could provide strawberries instead of the usual fruit. Later you are welcome to join us in the Whare, for our annual Shepherd's Boy Play. Please be seated no later than 10:25am.

After the Play the children will leave and walk back to their classrooms and prepare to host you for the strawberry treat. Once the children have disappeared around the corner, please make your way slowly to kindergarten to finish off the year together. Kindergarten will be open until 3pm should your child need to stay. They will however need to bring a healthy lunchbox. Should you be attending an event for your school aged children, please pick kindergarten children up after the event.

Rambling Rose Kindergarten 2020

Most families are able to enjoy the time together and to give their children a break from the busy kindergarten days. However, for those families who need care for their children, we are back with Rambling Rose on January 11th and will be operating right through to February 3rd, the first day of term 1. On Monday, February 1st we are closed for Auckland Anniversary.

Usually only a small number of children are attending and are supervised by two of our teachers, whoever is rostered on for the day.

If you are not sure if your child will be able to manage spending the day with potentially unfamiliar children, teachers and playspace, please do discuss with your child's teacher. At this time of the year the days will be spent at the farm, where it is lush and shady. Please drop the children off at the Michael Hut (blue building at the end of the driveway, by the sports field) and provide sunscreen, a hat, bottle and well filled and landfill and peanut free lunchbox for your child.

By Wednesday, February 3rd all teachers and children will meet again in their usual rooms.

*We Wish you a very Merry Christmas, a restful holiday and a Happy New Year. Warm Wishes,
Rose Ring Kindergarten Team*
